Genetically-Engineered Virus of Surat Plague

413. SHRI GOVINDRAO ADIK: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether in order to study the last plague epidemic, Government had set up a Committee to know whether the organism Yarsinca pastic was genetically engineered;

(b) if so, the datails of the report submitted by the said Committee and

(c) the action taken by Government thereon?

THE MINISTER OF HEALTH AND FAMILY WELFARE AND MINISTER OF WATER RESOURCES (SHRI A.R. ANTULAY): (a) The Government of India constituted a Technical Advisory Committee (TAC) on Plague in October, 1994 to find out the factors responsible for the plague outbreak and to advise on policies and plans to control and revent such outbreaks in future;

(b) The report submitted by the TAC on 04.9.1995 concluded that the Plague was caused by Yersinia Pestis. The Committee also felt that there is a need to upgrade the diagnostic capabilities and recommend the establishment of a National Surveillance and Response System for Control and Prevention of Infectious Diseases.

(c) A broad action plan for strengthening disease surveillance has been prepared which envisages collection and flow of information, strengthening of laboratory diagnostic services, networking of centres, and continuous monitoring of disease prevalence.
